

Spectrum of Science Foundation Summer Science Camp

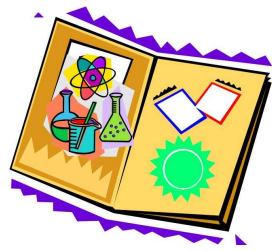

2010 HANDS ON DYNAMIC SCIENCE!!

June 21 to July 23 SCIENCE RETURNS WITHOUT BOUNDARIES Register for individual weeks ... Call 925.820.2415 for information 5 Weeks ~ All Inclusive ~ \$510	Register with Spectrum of Science 925.820.2415 www.spectrumofscience.com/index_SummerCamps.htm No Discounts Available	Register with Spectrum of Science 925.820.2415 www.spectrumofscience.com/index_SummerCamps.htm Discounts Available!! \$189 + \$35 Supply Fee	8/9-8/13 Physics & Fun!	8/2-8/6 Sea & Space Science Capers!	Register with Spectrum of Science 925.820.2415 www.spectrumofscience.com/index_SummerCamps.htm Discounts Available!! More information coming!!	Register with Club Sport San Ramon Non-Members welcome!! 925.735.3500	Register with Spectrum of Science 925.820.2415 www.spectrumofscience.com/index_SummerCamps.htm Discounts Available!! More information coming!!	8/9-8/12 Sea & Space Science Capers! Noon to 3pm 6 yrs to 11 yrs
		Register with Spectrum of Science 925.820.2415 www.spectrumofscience.com/index_SummerCamps.htm Discounts Available!! \$185 + \$35 Supply Fee	7/12-7/15 Science Returns	7/5-7/8 Sea & Space Science Capers!	7/12-7/16 Sea & Space Science Capers!		7/12-7/16 Passport to Science	7/19-7/22 Science Returns 9am to Noon 5yrs to 11 yrs
			6/28-7/1 Physics & Fun	7/5-7/9 Passport to Science	7/5-7/9 Physics & Fun		6/28-7/2 Sea & Space Science Capers!	
			6/21-6/24 Passport to Science	6/28-7/2 Science Returns	6/28-7/2 Sea & Space Science Capers!		6/21-6/25 Physics & Fun	6/28-7/1 Passport to Science 9am to Noon 5yrs to 9 yrs
			6/14-6/17 Physics & Fun!!				6/21-6/25 Science Returns	Register with LARPD 925.373.5700
Independent Elementary Castro Valley 1st - 5th grades 8:30 to Noon Mon—Thur	Walnut Grove Elementary Pleasanton 1st—3rd grades 8:30 to 12:30 Mon—Thur	Carden West, Pleasanton 1st - 5th grades 1 to 4pm Mon—Fri	Fallon Elem. Dublin 1st - 4th grades 8:30 to Noon	Club Sport, San Ramon 1st—5th grades 1:00 to 4:00 pm Mon - Thurs	Green Brook Elementary Danville 1st - 5th grades 8:30 to Noon Mon-Fri	Livermore Area Park & Rec Dept. Mon—Thur		

2010 HANDS ON DYNAMIC SCIENCE!!

Students today are looking for challenges! Spectrum of Science is helping elementary age children develop a competitive edge while giving them fun based science designed to instill confidence in science & to turn learning into play! Our interdisciplinary curriculum incorporates more than just “science”. Lessons are designed to stimulate youngsters to express their own originality & to motivate them to see their world in a totally new way! Projects & activities are creative, entertaining & imaginative & create passion while expanding their minds!

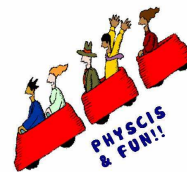

PASSPORT TO SCIENCE: Travel thru the amazing world of science! So much to discover & so little time! Here is a flurry of non stop science without boundaries. Labs include happening experiments & a continental journey! Compare Pangea with today! Snap a circuit! Encounter a babaroosa & a lilly walker! Foray deeper into fluid concoctions & effervescent chemistry! General science labs include

Biology, Chemistry, Physics & more! Complete your science exploration with a stamped passport!

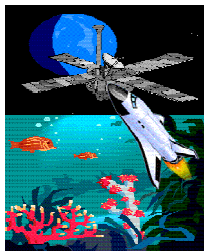

PHYSICS AND FUN!

Join in this mish mash of destruct & reconstruct! ! Your imagination, your design, your project! Will it become a robot or a space explorer? Make it move or light up! Observe it, smash it & build a “what’s It”! This is elementary physics in action! Using recycled materials each child will learn principles of simple machines, structural details, electrical circuits & more & will create their own unique projects. Take it apart! Put it together – mighty or mini! Experiment, test & try! Science has never been so unknown & so much fun!

SEA & SPACE SCIENCE CAPERS! :The greatest adventure is what lies ahead!

This camp covers marine & space science from the depths of Earth to outer regions of space! Probe the unknown from creeps of the deep to aliens! Find undersea chimneys on Earth & view pillars in a nebula seen by Hubble! Design your own mission & vehicle with K’nex! Is it to the sea floor or will its destination be mighty Mars? Today’s children are tomorrow’s scientists & this is a great beginning!

SCIENCE RETURNS WITHOUT BOUNDARIES: This camp features a return of projects done in the 2009-2010 after school program. Included are such labs as the boney skeletal frame, smelly connections & the great brain. Spin & spiral around the solar system! See the celestial universe! Who has orange teeth? Going green & glowing science labs! Check out dinosaur differences and behavior! Who spits? Splat is super science & messy fun! Shark surveillance for those fascinated with sleek streamlined creatures! Test the pulling power of amazing & awesome cephalopods! This will be an expialidocious experience!

LET NO FUTURE SCIENTIST BE LEFT BEHIND!!!!

Spectrum of Science Foundation Summer Science Camp

2010 HANDS ON DYNAMIC SCIENCE!!

Small Hands! Lots of Curiosity and Questions? PRESCHOOL SCIENCE!!

SPECTRUM OF SCIENCE is here to encourage, challenge & excite your tot!! Spectrum of Science will introduce young learners to science using fun, interactive hands on lessons designed to ignite their imagination and open up the world of science to them! Explore through songs, literature & experiments! Enjoy science with your tot! Questions call 820-2415.

SCIENCE DISCOVERY: Little future scientists explore, create & discover while doing what they do best – playing! Exciting, hands on labs open worlds of chemistry, biology, physics & more. Build, test & experiment with “tot approved” science activities! Zoom in & discover what keeps cars on the move. See green galore & try out a mix for this summer color. Take home Spectrum of Science lab book of experiments!

MY FIRST SCIENCE EXPERIMENTS: Snoopy is my name & Science is my game! Like to mix up stuff? Want to make a volcano erupt? Let’s make something sink and then rise up! Be a super sleuth; question, explore & try it! You will like it!

IT'S REALLY CHEMISTRY: Mix it, sink it, make it fizzle-5 weeks of chemistry for preschool fun! This combination of science and fun will encourage exploration and increase children's thinking potential with hands-on explorations & play!

BIOLOGY, ZOOLOGY & BUGOLOGY: Biology for preschool. Does it wiggle? Does it croak? Does it roar? Explore, investigate & study animals in their natural habitat. Travel to the grasslands & study who, how & why of the animals. Butterflies, spiders, ladybugs and more. Be sure to bring your curiosity and questions.

SIMPLE MACHINES: Physics for preschool! Yes!!! Each young scientist will build a simple lever “thing”, make a wheely, spin an incline plane & understand simple machines. Build, test & explore!! Labs are designed to maintain their curiosity and enthusiasm!

PRESCHOOL SCIENCE CAMPS					
Parent Participation Required ~ 3 & 4 yrs olds					
Livermore Area Park & Recreation Department					
<i>Mon-Thur.</i>	6/14 to 6/17	6/28 to 7/1	7/12 to 7/15	7/19 to 7/22	8/9 to 8/12
	Science Discovery	My 1st Science Experiments	It's Really Chemistry	Biology, Zoology & Bugology	Simple Machines
	9am to 11am	1 to 3pm	9am to 11am	1 to 3pm	9am to 11am
Register with LARPD 925.373.5700					

PRESCHOOL SCIENCE WORKSHOPS

Carden West, Pleasanton
OPEN TO ALL CHILDREN

Register with Spectrum of Science ~ 925.820.2415
www.spectrumofscience.com/index_SummerCamps.htm

Discounts Available!!

*3 & 4 yrs olds
Mondays
2:40 to 3:40*

6/21 Bubble Exploration \$18	6/28 T-Shirt Science \$20 <small>(T-shirt included)</small>	7/5 Dinosaurs \$18	7/12 Horses \$18	7/19 Alligators \$18	7/26 Bug Cars \$18	8/2 UV Detection \$18	8/9 Space Exploration \$18	8/16 Aquariums in a Bottle \$18
